

Teemo Tebest

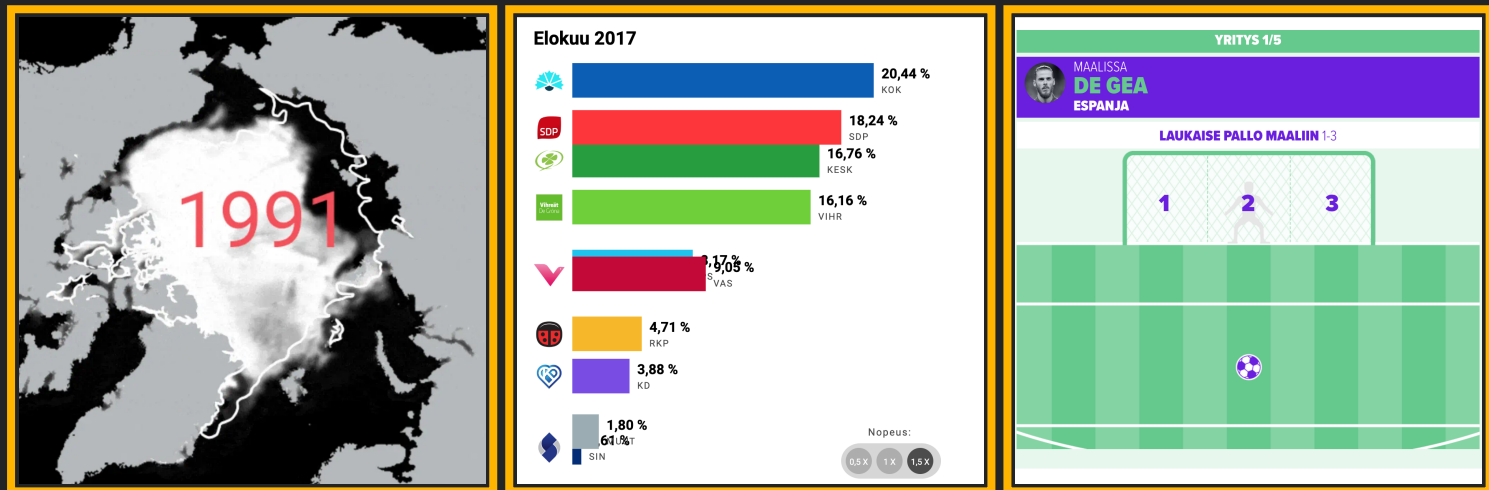

- **Data journalist**, lecturer, human
- Master's Degree in IT: Web development, UI/UX design, **Information visualization**
- At **EBU** since mid March. Before at Yle.

```
require('JS, HTML5, PHP, Python, full-stack, MongoDB, GIS, network analysis');
```

- Twitter: **@teelmo**
.....
- Email: **tebest@ebu.ch**

EBU and **data journalism**

I'm here to help you catch up with **online data stories**.

EBU and data journalism

What else?

- **code and data storage** for data journalism
- Data **visualization templates** for the members
- Best practices, introductions, how-tos, etc
- **Collaborative** data projects (climate change?)
- Workshops, meetings, consulting, classes and courses
- How EBU could also provide data and visualizations in **breaking news** situations

Thank you!

Let's do something very cool
